

Technical Data Sheet**EA036**

Description: This material is comprised entirely of unfilled, copolymer Acetal.

Color: White/Off-White

Typical Properties	Test	Value	Units
Density	ASTM D792	1.41	g/cc
Tensile Strength at Break	ASTM D638	9,500	psi
Elongation at Break	ASTM D638	30	%
Hardness	ASTM D785	M88/R120	Rockwell

Notice:

Technical information, test data and advice provided by Eclipse Engineering are based on information and tests we believe to be reliable and are intended for persons with knowledge and technical skill sufficient to analyze test types and apply adequate safety factors for the given application. Because actual application conditions vary widely, these values are intended for comparative purposes only and the suitability of this material is ultimately left to the end user.
